Premier Special Endorsement – Available in both FSC and AX. However, since it is listed by tier in FSC, the user must select the qualifying tier in order for the endorsement to apply.

The screenshot shows the 'WinFSC - California Homeowner's (HO3) Rater - Test Tester - Main Input View' window. The 'Optional Coverages' tab is selected, displaying a 'Select Coverage' section. On the left, a list of coverage categories includes 'Package Endorsements', which is currently selected. On the right, a table lists five Arrowhead Clarendon tiers, all of which have 'Premier Special Coverage' selected in the 'Include' column.
